# Seeing the Invisibles:
# A Backstage Tour of Information Forensics

Friday, 15 November 2013

*Min Wu, Ph.D.*
**Professor**
Department of Electrical and Computer Engineering
Institute for Advanced Computer Studies

## The Distinguished Scholar-Teacher Award

The Distinguished Scholar-Teacher Program, established in 1978, honors a small number of faculty members each year who have demonstrated notable success in both scholarship and teaching. By honoring the Distinguished Scholar-Teacher with this prestigious award, we reaffirm our commitment to excellence in teaching and scholarship.

The Distinguished Scholar-Teacher Program is sponsored by the Office of Academic Affairs and administered by the Associate Provost for Faculty Affairs.

UNIVERSITY OF
MARYLAND

# Program

## Opening Remarks

Dr. Juan Uriagereka
Professor and Associate Provost for Faculty Affairs

## Introduction of
## Dr. Min Wu

Professor Rama Chellappa
Chair, Department of Electrical & Computer Engineering
Institute for Advanced Computer Studies
A. James Clark School of Engineering

## Presentation
## "Seeing the Invisibles:
## A Backstage Tour of Information Forensics"

## Dr. Min Wu
Distinguished Scholar-Teacher
Department of Electrical & Computer Engineering
Institute for Advanced Computer Studies
Institute for Systems Research
A. James Clark School of Engineering

# Min Wu

Min Wu is a Professor of Electrical and Computer Engineering and a Distinguished Scholar-Teacher at the University of Maryland, College Park. She received her B.E. degree in electrical engineering – automation and B.A. degree in economics in 1996 from Tsinghua University in Beijing, China (both with the highest honors), and her Ph.D. degree in electrical engineering from Princeton University in 2001. At UMD, she leads the Media and Security Team (MAST) since 2001, with main research interests on information security and forensics and multimedia signal processing. Her research and education have been recognized by several awards, including a NSF CAREER award, a TR100 Young Innovator Award from the MIT Technology Review Magazine, an ONR Young Investigator Award, a Computer World "40 Under 40" IT Innovator Award, a University of Maryland Invention of the Year Award, a Daily Record Innovator of the Year Award, an IEEE Mac Van Valkenburg Early Career Early Career Teaching Award, a University of Maryland Robert Kent Junior Faculty Teaching Award, and several paper awards.

Dr. Wu is chairing the IEEE Technical Committee on Information Forensics and Security (2012-2013), and has served as Vice President – Finance of the IEEE Signal Processing Society (2010-2012) and Technical Program Co-Chair of the 2013 IEEE International Conference on Image Processing. She is an IEEE Fellow for contributions to multimedia security and forensics. [www.ece.umd.edu/~minwu]
